

## **Tuxedo Park Library**

### **3D Printing Policy**

Tuxedo Park Library strives to offer community access to new and emerging technologies to inspire creativity and learning. This policy establishes guidelines for the public use of the Library's 3D printer. The 3D printer can be used to make three dimensional objects with a design that is uploaded from a digital computer file. This service is not intended for production or manufacturing, and the Library reserves the right to refuse to print large numbers of identical objects. The use of the printer requires a valid Tuxedo Park Library card.

The 3D printer may be used only for lawful practices. Library users may not create material that is:

- Prohibited by local, state or federal law
- Unsafe, harmful, dangerous or poses a threat to the well-being of others, including weapons
- Obscene or otherwise inappropriate for the library environment
- Regulated or requires a license to use or carry
- In violation of another's intellectual property rights. By submitting content, the patron agrees to assume all responsibility for and shall hold the Library harmless in all matters related to patented, trademarked or copyrighted materials.

Additionally, the Library reserves the right to deny any 3D print request. The Library is not responsible for any damage, loss or security of data arising from the use of its computers or network, nor for the functionality or quality of the content produced on the 3D printer.

**Approved by the Board of Trustees on April 13, 2022**

### 3D Printer Policy Acceptance

By signing this statement, I am indicating that I read and understand the terms of Tuxedo Park Library 3D Printer Policy and Procedure and agree to abide by it when using the equipment or submitting a print job. I relinquish any responsibility on behalf of the Tuxedo Park Library's liability in the printing process or the use of the printed object. Patrons under 18 must also have a parent or legal guardian sign this form.
